## KEY SESSIONS

The following sessions will run throughout the day:

### **Encountering a bushfire while driving**

See what firefighters are trained to do during a burnover situation. Learn about what you need to do if you encounter a bushfire while driving.

---

### **Designing and creating a 'Firewise' property**

Learn how you can apply the seven fundamental principles of a 'Firewise' home, garden and broader landscape at your home.

---

### **Busting the myths: climate and bushfire**

This is the most exciting weather briefing you'll get! The Bureau of Meteorology will explain the impact of climate on bushfire in WA and what we can expect this bushfire season.

---

### **Bushfire 101: Q&A Session**

Do you have questions about bushfire or bushfire preparedness? In this session, we'll have a panel of speakers ready to answer them all.

---

### **How to Burn SMART**

Want to know more about planned burning on your property? We'll give you the know-how and resources to help.
